- Mounting brackets
- (2) 3" spray outlets on rear of tank
- (2) 3" side spray outlets
- 3" fill pipe on rear of tank
- Manual sight gauge on front of tank
- LED lights
- 3" front bumper pipe with mounting brackets
- Inside of tank epoxy coated for rust prevention
- Optional self-filling port on side of tank

We build custom water tanks for all makes and models of off road and on road trucks.

Our tanks are welded inside and out to maximize strength and endurance and minimize leaks and cracks.

All water tanks have a 2 year manufacturer's warranty for workmanship, and all components, such as water pump, spray heads and hydraulic motor carry the manufacturer's warranty. We also stock all the components for the water tanks so you never have down time due to parts not being available.
